High-handed Action of Spaniards in Porto Rico.

WHAT SENATOR JONES THINKS

The Texas Wool Growers Go to Pennsylvania and Ohio for Representation—Other Matters.

A Spanish Outrage.

PHILADELPHIA, December 27.—The brigantine *Josefa*, from Montego Bay, Jamaica, brings news of an outrage suffered at the hands of the Spanish government. While discharging, on her outward trip from New York to Arroyo, Porto Rico, Spanish custom officials discovered twenty packages of corn starch marked in the vessel's manifest as missing. The vessel was seized by the Spanish authorities and held until a fine of \$4,000 was paid. The value of the goods did not exceed \$20. The master and the crew were forced to suffer many indignities at the hands of the governor of the island and the officials under his authority. The authorities offered to settle the matter if the captain of the vessel could satisfactorily explain the whereabouts of the missing packages, after the fine had been paid. As certain of the missing goods were delivered by mistake on board the ship *Josefa*, which lay next to the *Josefa* in New York, but were placed on the *Josefa*'s manifest, an explanation was made to the Spanish authorities and a return of the fine requested, but was refused. The owner filed a complaint against the Spanish government with Secretary Bayard. It has been urged that the war ships *Galea* and *Hyacinth* be ordered to continue their cruise to Porto Rico and summarily secure redress.

No medicinal agent introduced during the present century has created a more profound sensation among all classes of the community than this absolute specific for all ordinary affections of the organs of respiration. Sold by druggists. Great saving to purchase large size. Pike's Toothache Drops cure in one minute.

No Trouble Anticipated.

LAMAR, Mo., December 26.—Everything is quiet. The report of race troubles grew out of an apprehension on the part of the whites that a conflict between them and the blacks would be precipitated by the conduct of some negroes. No trouble is anticipated now.

Horsford's Acid Phosphate.

FOR ABUSE OF ALCOHOL. It relieves the depression therefrom.

Dives Ordered Closed.

INDIANAPOLIS, December 27.—United States authorities have ordered all dives in the Vermillion Iron Range closed. Some keepers have been arrested on the charge of selling liquor without a license, and worse charges are pending. It appears the methods of the Wisconsin pineries are resorted to to obtain recruits for the dives.

Facts Worth Knowing

In all diseases of the nasal mucous membrane the remedy used must be non-irritating. The medical profession has been slow to learn this. Nothing satisfactory can be accomplished with douches, snuffs, powders, syringes, astringents or any similar applications, because they are all irritating, do not thoroughly reach the affected surfaces and should be abandoned as worse than failures. A multitude of persons who had for years borne all the worry and pain that catarrh can inflict testify to radical and permanent cures wrought by Ely's Cream Balm.

Home-cured Hams, Bacon and Pure Lard at F. J. May's, 54 E. First South.

Arrests at Oklahoma Station.

PURCELL, Indian Territory, December 27.—Indian scouts visited Oklahoma station and arrested all in that vicinity, compelling them to hitch up their wagons and take everything with them to go to the scouts' camp. Many of those arrested are men who have been engaged in teaming for government, others have been railroad employees, temporarily without work. The people of Purcell are very indignant, supposing it to be a scheme to capture the town.

THE SANCTION OF PHYSICIANS has been accorded to that standard disinfectant, GLEN'S SULPHUR SOAP. "HIL'S HAIR AND WHISKER DYE," Black or Brown, 50c.

Senator Jones' Views.

CHICAGO, December 27.—Senator Jones, of Nevada, was here last night, on his way to Washington. He said to a reporter, that although the Pacific Coast is hardly sanguine enough to expect representation in the Cabinet, we would be pleased to furnish a man for the Secretaryship of the Interior. We transact so much land business in our

country that it is only fair that this official should be selected from the far west. We are strongly in favor of the Secretary of the Treasury who advocates more coinage.

The Tariff on Wool.

St. Louis, December 27.—The wool growers of Kimble, Chenard, Sutton and Schleicher Counties, Texas, yesterday adopted resolutions urging Congress to amend the present tariff and prevent the importation of foreign wool, under the names of ring waste, thread waste and yarn waste, now used to evade the tariff. In view of the fact that all Texas delegates are opposed to the present tariff system and favor free wool, they request S. J. Randall, of Pennsylvania, and William McKinley, of Ohio, to represent the Texas wool-growing industry when the revision of the tariff comes up in the House.
